ISBN 971-8893-09-4

Cover design and layout by Peze C. Raña
(Cover photo: Ifugao Rice Terraces and Sitangkai,
Tawi-Tawi Badjao Community by Dante Ambrosio, 2000)
Shows the range of agriculture from fishing village
in the sea to irrigated farming in the uplands.

Printed in the Philippines

This book, *Philippine Agriculture During the Spanish Regime* was researched with the generous help of the Millennium Commission without whose interest in Philippine History and its consequent generous funding, this book will not have come to life.

We truly hope that this project will only be the first of many others in the discovery, study, and sharing with the world our treasure-rich Philippine Past.

Table Of Contents
